Fee for a Prospecting Right ... ..	5	0	0

## EXCLUSIVE PROSPECTING LICENCES.

- (a) The following rents by Regulation No. 16 of 1921 it is provided that until further notice the rents prescribed shall be reduced by 97½ per cent. in respect of land not worked and by 50 per cent. in respect of land worked, with effect from the 1st March, 1921, shall be paid:—

By the holder of an exclusive prospecting licence, for every square mile or part thereof of the area included in the licence—£5 per annum.

By the holder of a mining right, for every hundred yards or part thereof along the course of the stream in respect of which the mining right is granted, one pound per annum.

By the lessee of a mining lease, according to the class of lease as follows:—

- (i) in the case of lease of Class A, ten shillings an acre or part thereof;
- (ii) in the case of a lease of Class B, five shillings an acre or part thereof;
- (iii) in a case of a lease of Classes C, D, or E, such rent as may hereafter be prescribed by any Regulations:

The lessee of a Mica lease shall pay rent at the rate of one shilling per acre or part of an acre.

Provided that the Governor may, for good and sufficient cause, reduce either temporarily or for the remainder of the term of a lease the rent payable.

A mining lease of Class A shall confer upon the lessee the right to mine and to dispose of the minerals specified therein whether lode or alluvial.

A lease of Class B shall confer upon the lessee the right to mine and dispose of the alluvial mineral specified therein.

A lease of Classes C, D, or E shall confer upon the lessee the right to mine and dispose of such mineral or minerals as may be specified in the lease:

Provided, however, that the Governor may in the case of any lease permit the lessee to mine and dispose of any minerals found on the area of lease.

- (b) The grant of an exclusive prospecting licence is subject to a prior survey of the area applied for by Government, for which the following charges are made:—

- (i) A preliminary fee (to cover the cost of transport of the survey party and other expenses) of £15 per area surveyed: provided that where two or more areas are in close proximity the preliminary fee may at the discretion of the Surveyor-General be reduced in amount.

(ii) A fee for the survey of a boundary—per mile or part thereof.	£	s.	d.
In level or undulating country ... ..	3	3	0
In level or undulating country with spare forest or scrub ... ..	4	0	0
In rough, broken, hilly or forest country ... ..	5	5	0

- (iii) The applicant shall be entitled to one tracing of the plan on linen which shall be attached to the licence, and three sunprints on canvas-backed paper or linen. Further copies of the plan will be charged for as follows:—

A finished drawing on canvas-backed paper ... ..	5	0	0
A tracing on linen ... ..	2	0	0
A sunprint on canvas-backed paper or linen ... ..	0	5	0

Provided that the Surveyor-General may make a smaller charge for plans in any case where in his opinion the above charges are excessive for the work done.

- (iv) An additional charge of five shillings will be made for each mark or beacon the position of which has been fixed by the Surveyor.

The grant of a mining lease is also subject to a prior survey of the area applied for by Government, for which the following charges are made:—

- (i) A preliminary fee as in (i) above.
- (ii) A fee of two shillings and sixpence per acre or part thereof; minimum charge £10. An additional charge of five shillings will be made for each mark or beacon, the position of which has been fixed by the Surveyor.
- (iii) As in (iii) above.

## SCHEDULE OF TAXES, DUTIES AND FEES.

The following royalties, which are collected on exportation in the form of an export duty, are levied:—

(a) On tin ores and metallic tin:—

When the London price per ton is:—

Less than £180 the Royalty will be	...	...	...	...	2%	on the value.
£180 but less than £190 the Royalty will be	...	...	...	...	3%	"
£190 but less than £200 the Royalty will be	...	...	...	...	4%	"
£200 but less than £220 the Royalty will be	...	...	...	...	5%	"
£220 but less than £240 the Royalty will be	...	...	...	...	6%	"
£240 but less than £260 the Royalty will be	...	...	...	...	7%	"
£260 but less than £280 the Royalty will be	...	...	...	...	8%	"
£280 but less than £300 the Royalty will be	...	...	...	...	9%	"
£300 or upwards the Royalty will be	...	...	...	...	10%	"

(b) On wolfram ore:—

When the London price per unit:—

Does not exceed £1 15s. the Royalty will be	...	...	...	...	1%	on the value.
Exceeds £1 15s. the Royalty will be	...	...	...	...	1%	on the value
plus $\frac{1}{6}$ per cent. for every shilling or fraction of a shilling by which the value exceeds						
£1 15s. but so that no royalty shall be payable at a higher rate than 5% on the value.						

Provided that, for the purpose of computing royalty, mixed ore containing both tin and wolfram concentrates shall be deemed to be tin ore.

(c) On lead ores or metallic lead containing on an average less than 4 ounces of silver per ton, 2% on value. If containing more than 4 ounces of silver per ton, an additional 3% on the value of the silver.

(d) On iron ores or metallic iron, 1% of value.

(e) On gold four shillings an ounce (troy).

(f) On other precious metals 5 per cent. on the value.

(g) On all other minerals such royalties as may hereafter be prescribed by regulations.

The value of metallic tin, lead, iron or copper shall, for the purpose of computing the royalties payable thereon, be deemed to be the actual market value of such metal in the London Market on the 1st day of January, April, July or October next preceding the exportation.

Tin ore shall be deemed to contain 70% of metallic tin, lead ore 78% of lead, Haematite 60% of iron, and pig iron 95% of iron. Wolfram ore shall be deemed to contain 65 per cent. of Tungstic Acid (W O3).

The royalty on mica shall be 5 per cent. on such sum as the Government Inspector of Mines may from time to time assess as the local average value of mica. Provided that in any case in which the person paying such royalty can prove by properly authenticated vouchers that the assessed value on which such royalty was paid is in excess of the actual price realised from the sale of the mica on which such royalty was paid after deducting from such sale value the cost of transport from the mine to the place of sale, the Government Inspector of Mines shall refund the difference between the royalty charged and 5 per cent. on such sale value after the aforesaid deduction has been made. Any claim to a refund under this Regulation shall be made within six months of the despatch of the mica from Nigeria.

There shall be paid on all tin-ore exported from Nigeria an export duty equal to 50 per cent. of the maximum royalty payable in respect of tin-ore as prescribed in the last preceding Regulation:

Provided that if an exporter shall satisfy the Governor that all tin-ore exported by him or on his behalf will be smelted in the United Kingdom or in a British Possession, the Governor shall direct that the tin-ore exported by or on behalf of such exporter shall be exempt from the export duty herein prescribed and such tin-ore shall be so exempt until the Governor shall otherwise direct:

Provided further that if any tin-ore exported without the said duty having been paid thereon shall be smelted in any country or place other than the United Kingdom or a British Possession, the person by whom or on whose behalf the same has been exported shall pay the export duty before prescribed on all tin-ore exported by him on his behalf on the date on which the tin-ore so smelted was exported, and on all tin-ore exported by him or on his behalf within twelve months preceding such date and in respect of which the export duty has not been paid, and whether the tin-ore exported has been smelted in the United Kingdom or in a British Possession or not.

	Crown Lands are not		sold.	...	...	...	214,040,000 Acres.

Remarks :—

Land tenure in the Northern Provinces of Nigeria is governed by the Land and Native Rights Ordinance, 1916, under which Rights of Occupancy may be granted by the Governor to Europeans, Natives and Native Foreigners.

As a rule sites in townships are allotted after public auction to the bidder offering the highest premium. The area of a building site is usually limited to 2 acres in a Township and may not be more than 5 acres anywhere.

Rights of Occupancy may be granted for 60 or 35 years according to the amount which the purchaser is prepared to spend on improvements. Long leases with their security of tenure are generally desirable both from the point of view of the merchants and the Government.

Temporary Rights of Occupancy may be granted without auction in the case of *bona fide* pioneer enterprise on the following terms :—

*Rent.*—As obtainable or obtained for similar sites elsewhere.

*Term.*—Up to a maximum of 5 years renewable from year to year and terminable by either party on six months notice without compensation for improvements.

If at the end of the maximum period the holder desires an ordinary Right of Occupancy he can usually obtain one without auction unless there are good reasons to the contrary.

No single grazing right of occupancy may exceed 12,500 acres and only one has hitherto been granted, namely, to a Ranching Company who hold an area of 25,000 acres in two blocks for a term of 35 years with septennial revision at a rental of 2d. per acre.

No single Agricultural Right of Occupancy may exceed 1,200 acres. Only small areas up to 20 acres which are merely large gardens have been granted up to the present. Such Rights of Occupancy are not usually granted for areas adjoining the Railway or entailing the expropriation of a large number of the native population.

Rights of Occupancy may not be alienated in any way without the Governor's consent nor are they revoked by the Governor without good cause.

Appeal may be made against rent raised on revision to the Provincial Court or to the Governor who shall appoint an arbitrator the decision in either case being final.

SOUTHERN PROVINCES :—*The Crown Lands Ordinance, 1918*, provides that, subject to the Regulations thereunder, the Governor may grant leases of Crown land for any term, or in the case of a lease to a native of Nigeria for an indefinite term, and may grant licenses for the temporary occupation of Crown lands, but except with the consent of the Secretary of State first obtained the Governor shall not sell any Crown lands.

Crown land is of limited extent. Outside the Colony it consists of lands purchased by the Government for public purposes, such as those required for the Eastern Division of the Railway, and those lands covered by the Treaties made by the Royal Niger Company with Native Rulers in Southern Nigeria, and which are vested in the Government by the Niger Lands Transfer Ordinance, 1916.

*The Native Lands Acquisition Ordinance, 1917*, provides that no alien shall acquire any interest in or over any lands within the Protectorate from a native except under an instrument which has received the approval in writing of the Governor, and that any instrument which has not received the approval of the Governor shall be null and void. It is further provided that it shall be unlawful for any alien to occupy land belonging to a native except under an instrument approved by the Governor, unless such land was occupied prior to the enactment of restrictive legislation, or is authorised by any Ordinance.

Fishing is carried on in all the rivers, most of the fish caught being used for immediate local consumption, but small quantities are cured and traded with the towns distant from the river, where this form of food is highly prized. The curing is a very crude process, the fish not being dried, but placed in a grass fire which burns quickly and with great heat, converting the scales of the fish into a protective cinder.

## 7.—SUMMARY of INDUSTRIAL DEVELOPMENT.

7. A summarised statement of any developments in the agricultural, forestal, fishing, mining, and other industries of the Colony during the year under review, with a statement as to progress up to date. A special account should be given of Government grants or other action for the development of the natural resources and industries of the Colony.

*Agriculture.*—Apart from the temporary changes due to the great variations in the prices of agricultural products, there has been no remarkable development; but there has been steady progress in regard to both of the two great agricultural industries (cocoa and cotton), the existence of which is especially and directly due to the initiative and assistance of Government. The greatest progress to be recorded is in connection with American cotton in the Northern Provinces. The great success of this introduction is directly due to the action taken by Government in distributing the seed and supervising the purchase of the product in special markets. The amount of the cotton exported by sea in 1920 amounted to 5,500 bales and the area grown this year has again greatly increased.

Similar progress, though on a much smaller scale, has also to be recorded in connection with Virginian Tobacco and Kolas, the production of which have been initiated or stimulated by Government action.

*Minina*—Preliminary prospecting at Ameka in the Ogoja Province for Silver lead, by shafts and adits was suspended during 1921, the Union & Rhodesian Trust Limited having installed rotary drills to carry out this work.

(a) Agriculture ... ..	...	...	...
<b>PREDIAL :—</b>			
Two headings of predial labour.			
(a) Every village farm belongs to an individual or to a family, and is worked for the benefit of the owner or owners. Cultivation by village communistic system is very rare. Wherever it exists, the farmers in the village combine to clear the ground or reap the crops of the farms of each other in rotation. Food and drink for those at work during the period—which does not exceed one or two days for each farm—are provided by the owner or owners of the farm.			
(b) Labour employed by owners of land.			
(1) Employed by private owners of land remunerated at rates varying from 6d. to 1s. per diem. Overseers paid from 1s. to 1s. 8d. per diem.			
(2) Contract system at the rate of £1 to £2 per acre.			
 (b) Domestic Service :—			
In Native houses, domestic servants, males and females, are generally clothed and fed, and paid wages from 10s. to 20s. per mensem. In foreign households, male servants only are employed, they are usually housed and fed, and are paid wages from £4 per mensem downwards.

\* By "Penal Imprisonment" is meant imprisonment inflicted as a substantive punishment in pursuance of a sentence of a Court of Justice, as distinguished from imprisonment for safe custody, etc.

† These Prisons were re-opened on 1st November.

‡ The Deaths exclude 72 Judicial Executions and 3 Suicides.

§ Not including Executions.

*Questions.*

I. If the prison is on a separate system, is the separation complete? And, if not, what is the separation enforced by day and night respectively?

II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?

III. How many cells are there; and how many associated wards?

IV. Taking the *average* number of prisoners in gaol, how many cubic feet of space are there for each prisoner during the hours of sleep?

And what superficial area?

V. How are the prisoners classified?

VI. Is penal labour—that is, labour by treadmill, crank, or shot drill—in force?

VII. If so, during what periods of imprisonments, in respect of what classes of prisoners, and during how many hours, is such penal labour enforced? In stating hours of tread-wheel labour, give, first, the total time on and off at the wheel, &c.; secondly, the length of spells and intervals of rest.

VIII. What kind of labour, other than penal labour, is in use?

*Answers.*

The prison at Lagos is the only one on the separate system, but the prisoners work in association during the day. At other prisons there are association wards with a few separate cells, but they are principally used as punishment cells. All prisoners work in association.

Male prisoners are under the constant supervision of warders, and female prisoners under wardresses.

637 separate cells and 467 associated wards.

594 cubic feet.

50 square feet.

(a) Prisoners awaiting trial or under safe custody.

(b) Debtors.

(c) Convicted prisoners.

No.

It is not in force.

Hard Labour, 1st Class; consisting of public works and sanitary work generally, wood-cutting, bush clearing, road-making, brick-making, coaling steamers and general transport.

Hard Labour, 2nd Class; consisting of carpentry, tailoring, basket, mat, and screen-making, cooking, washing, building native houses, whitewashing and other minor duties, and cane furniture.

**Questions.****Answers.**

IX. If the prisoners are employed beyond the walls of the gaol, state :—

1. On what kind of work they are so employed?

2. How are they supervised?

3. How many escapes of prisoners, while being employed beyond the gaol, have taken place during each of the last three years?

4. How the profits of their labour are accounted for?

X. What was the total annual cost of the prison during the year 1921?

XI. What was the annual amount of the prisoners' earnings during the year 1921?

XII. What is the number of the hours allotted for sleep? And, if sleep is in association, are the dormitories lighted? And how often are they patrolled during the night?

XIII. What were the number and nature of the punishments inflicted for offences committed by prisoners undergoing imprisonment?

As detailed in VIII, with the exception of tailoring, carpentry, basket, mat and screen making, washing and cooking, and cane furniture.

By European Superintendents and Assistant Superintendents, senior and junior warders, and wardresses, and (in the Northern Provinces) by Police.

*Questions.*

XIV. Is there, or are there, any Chaplain or Chaplains of any, and what, religious persuasions?

XV. Are religious services regularly, or otherwise, performed for the benefit of the prisoners of any, and, if any, what, religious persuasion?

XVI. Are Roman Catholic Priests and Dissenting Ministers allowed free access to prisoners of their own persuasion? and are they apprised when prisoners of their respective persuasions enter the prison?

XVII. What provision is made for the education of prisoners?

XVIII. On what conditions are remissions of imprisonment granted?

*Answers.*

None.

Yes; at Calabar, by the United Free Church of Scotland Mission.

At Lagos, by the Church Missionary Society and Wesleyans every Sunday. At other prisons, by the Superintendents or Minister-in-charge of the station where available.

(a) Yes; a Roman Catholic Priest visits the infirmary at Calabar daily.

At Lagos, Roman Catholic Priests and Dissenting Ministers are allowed free access to see prisoners of their own persuasion.

(b) They are notified when prisoners of their respective persuasion desire to see them.

Technical instruction is given in shoe-making, tailoring and other trades and industries.

Every prisoner under a first sentence of imprisonment with hard labour for two years or more, in the Colony and Southern Provinces may earn remission of sentence by industry accompanied by good behaviour. The maximum remission obtainable is one-fourth of the sentence. Convicts who have been convicted a second time are not allowed any remission of sentence during the first year of imprisonment, but should their conduct and industry be approved of, by the officer in charge of the prison, they may be allowed, at the expiration of such period, to earn a remission of the fourth, or a less part of their remaining sentence on the same terms as other convicts. Convicts who have been convicted for a third time or more are not allowed to earn any remission of sentence. Pardons are granted by His Excellency the Governor in special cases.
